

## Garro Studios celebrates anniversary, student awards

Garro Studios, celebrating its 15th anniversary as a provider of all-ages fine art instruction, recently recognized several art students, including Sudbury residents, for their achievements.

"I am grateful to and in awe of the students who have put their trust in me to help them develop their inner artist," said Michelle Garro, Sudbury painter and instructor. "I have learned so much from my students, including young students learning drawing basics to high school students building their art school portfolios and adult students who may have never picked up a paintbrush before."

A highlight of the anniversary year was student participation in spring exhibitions.

Winners of the 2019 Scholastic Art Awards include Lara Garabedian, of Sudbury, honorable mention, painting; Raz Perl, of

Newton, Silver Key, printmaking; and Alyssa Phillips, of Sudbury, honorable mention, painting.

Winners of the 2019 Westford Regional Art Event include Audrey Viera, of Westford, honorable mention, mixed media; and Juliana Tenaglia, of Maynard, honorable mention, oil painting.

Student artwork will be on view in September during the studio open house and Artspace Open Studios, 63 Summer St., Maynard.

Over the past 15 years, Garro has provided studio drawing and painting instruction, portfolio prep and outdoor painting classes for kids and adults at her studio at Artspace Maynard. Registration for summer and fall studio art classes is now open.
